

Setting People Free

From Chronic Pain, Anxiety & Panic Attacks, Depression, Suicidal Thoughts, Emotional Trauma, and Addictions

... by removing the spiritual roots that cause them

Beatty Carmichael

Bio

Beatty Carmichael is the author of *The Prayer of Freedom* and a leading expert in the **spiritual roots** that create life challenges—pain, depression, suicide, addiction, anxiety, and more. His how-to book shares a proven, research-based approach to non-religious prayer that brings **lasting healing to nearly 90%** of those who apply it. People are being healed from **chronic pain** like arthritis and fibromyalgia, **emotional struggles** like anxiety and depression, and **persistent issues** like addiction and migraines.

Beatty's approach focuses on the *science* behind the spiritual laws that drive many of our physical and emotional issues. And when you remove the spiritual root, those issues quickly disappear.

Ashlee Beard – Clinically Diagnosed Bipolar, PTSD, Borderline Personality—Healed Within 24 Hours!

I suffered from crippling **anxiety, PTSD, and mental illness** since experiencing horrible trauma from men as a little girl, and it left me constantly afraid. I woke up every morning feeling

terrified, like something bad was going to happen. My thoughts were racing 24/7 and they wouldn't stop.

I was on **heavy medications**—Seroquel, Zoloft, Buspirone—plus sleep meds, just to function. I was diagnosed with **bipolar disorder, borderline personality disorder, and severe anxiety**, and thought I'd be on meds for life.

When I applied this prayer process, the next morning when I woke up, *everything* was different! I wasn't afraid and terrified anymore. For the first time since I was a kid, **I felt calm**.

I can't even explain what it's like to wake up and **not be afraid** anymore. To not need medication just to get through the day. I'm free, and I never thought I would be!

Jonathan Frye – Lifelong emotional pain, insecurity, marriage falling apart, anger—prayed and immediately felt free!

For years, I carried **deep pain, insecurity, and depression** from childhood trauma and abandonment.

I had been on antidepressants for years, just trying to stay afloat, but nothing truly changed. It affected everything in my life—my relationships, my decisions, even the way I saw myself. I had anger issues, felt like I misunderstood everything, and it was just exhausting. My **marriage was falling apart**, and I didn't know how to fix it. I felt like I was headed for divorce and was failing as a husband and father.

A friend shared this method with me, and when I prayed, it was like a switch flipped. *Instantly*, the weight lifted off me!

For the first time **I felt peace**. **I could think clearly**, I wasn't carrying all that old pain, and I could *finally* let go of the past. My wife noticed the change right away, and my sons even told her, "Dad is different."

Now, I wake up knowing who I am, I'm completely off medication, and **I finally feel safe inside myself**. It's an incredible feeling!

Cheri Leath – 20 years of addiction, extreme pain in feet and legs, declining vision—freed at last!

For over 20 years I was **addicted to drugs**. It started when my little brother introduced me to meth, and after that, my life spiraled down. I went through an abusive marriage, lost jobs, ended up in jail, and just kept falling deeper.

I tried to quit. I would clean up for a little while, then fall right back in. And with the addiction came **pain**—I had so much pain in my feet and legs that **I couldn't sleep**. My vision even started going and I could barely read. My life was a total mess, and I didn't know how to fix it.

Then, while I was in an addiction center, I learned about this prayer method. I prayed through it, and *everything* changed. My addiction—**gone**. My pain—**gone**. My vision problems—**gone**.

I now walk without pain. I sleep without pain. I see again. And I live without drugs. I never thought I'd say this, but today, **I'm finally free!**

Bud Nemeth – Football injury led to 30 years of hip pain, using a crutch daily—instantly healed, walking normally!

I used to play **college football** about 35 years ago, and back then I injured my hip so badly the doctors told me I'd eventually need a **hip replacement**. I

put it off for years, but the pain got worse and worse. Eventually, I was **using a crutch every day** to walk, even around my house.

One night I was on the phone with a friend. I told him about my hip, and he asked if I wanted God to heal it. I said, "Absolutely." So, he led me through this approach to prayer.

Right after praying, he asked me to stand up and check my pain. I stood up... and **I had NO pain!** I couldn't even talk—I just started crying. I walked around my house without my crutch. I went upstairs without holding onto the railing. I hadn't done *that* in years. It was the first time in 35 years I've been out of pain.

When I walked into my bedroom, my wife looked at me and said, "What's going on?!" I told her, "Honey, I have NO pain!" I bent my knees, moved my hip, and just stood there, amazed. **We both started crying!**
